

Mental Health Reform

Pre- Budget 2019 Submission

#IAmAReason

END THE DECADES OF NEGLECT

Mental Health Reform are calling on the Government to end the decades of neglect of our mental health services and supports.

In Budget 2019, the Government need to invest €105 million to address the existing service gaps and to resource new service developments.

RECOMMENDED SPEND OF €105M

- **Building staff levels to ensure all service users have timely access to mental healthcare**
- **Develop 7 days a week, community based, crisis mental health services for children and adolescents**
- **Increase capacity in the Counselling in Primary Care service**
- **Invest in primary care psychology services**
- **Increase the capacity of national advocacy services for children, adolescents and adults in hospital and in the community**
